

Steven Patsy

Entry-Level Data Analyst

steve.patsy@gmail.com | Vancouver, WA

Portfolio (Full portfolio at stevepatsy.github.io)

Data Exploration: COVID-19 Global Death Data: Created SQL queries to execute joins, CTE's, temp tables, windows functions, aggregate functions, creating views, and converting data types. Then created a data visualization in Tableau based on a few of the SQL queries.

Marketing Analysis: Bike-Share Data: Utilized R, Tableau, and Google Slides to analyze data, design data visualizations, and present a presentation with 3 actionable insights to increase annual memberships.

Data Visualization: NICS Firearm Background Checks: Developed and presented a high-level analysis of background checks by state using the data visualization tool, Tableau also created interactive dashboards and stories to present a more comprehensive analysis.
